Summary

A highly motivated and enthusiastic fresher currently pursuing Bsc.CSIT (8th semester). Good problem solving capacity and proper knowledge on OOP, Data structures and Algorithm and SQL. Eager to learn new thing. An efficient as well as hardworking student with proper time management skills. Critical thinking and problem solving skills. Excellent communication skills. Leadership skills.

Objective

I am looking forward to build up my carrier as a dedicated Web Developer by which I can use all my knowledge and skills that I've learn till now.

Technical Proficiencies

- Html- CSS/Bootstrap/Tailwind
- React with JavaScript
- C ++
- Python
- Postgres SQL
- MongoDB
- Node JS(Express JS)

Tools

- Visual Studio Code
- GitHub
- Postman
- Dev C++
- MongoDB Compass
- pgAdmin4

Education

- Secondary Education Examination –[2073 B.S]:
High Land English School,karyabinayak-8,Lalitpur(3.5-GPA)
- Higher Secondary Education Board-[2075-2076 B.S]:
Omega Int'l College, kumaripati , Lalitpur (3.22 GPA)
- Bachelor's Degree in Computer Science and Information Technology (Bsc.CSIT):

[2076 B.S- Seventh Semester running] Sagarmatha College of science and Technology, Sanepa.
74% in 1st semester, 72% in 2nd semester, 70.2% in 3rd semester, 78% in 4th semester , 77.8% in 5th semester and 74.2% in 6th semester.

Projects

- TravelHarbor: MERN is used in this project including payment gateway using stripes
- Rent Management System:PERN(postgres SQL Express React Node) is used in this project
- Notes Application: PERN is used in this project
- ChatApplication:MERN is used in this project
- Employment_Oppurtunities : React is used in this project
- Many more other 30+ mini project is in my github

Experience

- Arbyte Solution: Done 4 months apprenticeship in Full Stack and get a chance to work in a various project individually and in a team and gets a hands on experience in node.js ,react.js and a database called mongoDB and postgresSQL and manage a state in react using redux and zustand as well as context API

Training and Certifications

- Web Development [Mindrisers Consortium Pvt.Ltd] - 2.5 months : Here, I have learn HTML, CSS and JS along with React and Tailwind so I can build any kind of website using my knowledge that I've learned. My instructor was Sagar Tamang sir who is a Full Stack Web Developer in profession
- Python [Sagarmatha College of Science and Technology] - 2 months : Here ,I have learn the concept of OOP along with classes and inheritance concept . My instructor was Bhupin Baral sir who is a ML Engineer in Fusemachine
- CodeClause [Web Development Intern] – 1 month. Here, I have done project using HTML, CSS and JS by using it's libraries called React for frontend and Node for backend.
